Team Objectives:

Set up / Organisation:

This opposed defending practice is part 3 of theme 13 Defending Outnumbered, working 3 defenders against 6 possession players. In this 25 by 25 Yard area, there is a 10 by 10 area where defenders will begin, the objective is for the passing team to combine with a single teammate in the central area to play through; defenders must stop this.

Progressions / Constraints:

- Allow attackers to play through to the opposite half without going through the central square
- Reduce the challenge, by conditioning the possession team to 2 touch,

Key Coaching Points:

- (Tact) Decisions to press
- (Tech) Body shape and position in defending 1 v 1.
- (Psych) Support teammates by covering effectively.

Questions & Notes:

- How are you regaining possession effectively?
- How and when do you decide to press as a group?
- How do progressions influence your defending and how do you adapt as a defensive group

Area: 50 x 40 Yards

Team Objectives: Understand when and how to press and delay when outnumbered

Set up / Organisation:

This practice is played in a 50 x 40 Yard area with 3 central defenders and 2 central midfielders looking to play direct into mini goals (replicating 3 attacking players). 3 players (7,8 and 11) will recognise when and how to press to win possession and attack goal, whilst 2 deeper players protect 3 mini goals behind the press. When they intercept they can counter quickly in a 5 v 5.

Progressions / Constraints:

- Allow one attacking player to break into attacking zone to finish in mini goals, means defenders need to also be aware of forward runs
- Remove one mini goal so targets are more central, providing less coverage for defenders balancing challenge.
- One defender can press higher to regain in a 5 v 4.

Key Coaching Points:

- **Tactical** | Recognising passing lines to cover between units
- **Psych** | Be brave in pressing phase, working off triggers i.e. slow pass
- **Physical** | Use physicality wisely, recognising when to press together for longer periods

Questions & Notes:

- How are attacking team building out in the initial build phase?
- How does this impact on your defending (Press / Delay)
- Think about differences in defending decisions with each progression?
