## HOW TO COMBINE IN THAT FINAL THIRD

### ORGANISATION:

Practice two of these seven final third combinations, is played in a 25 x 45 yard area with two attacking zones and a three v three in each half. We have a floater in a central 5 yard zone, allowing the possession team to connect play through to a finish. The objective here is for players to recognise space available, allowing them to play forward when possible and for our floating player to play on the half turn, checking space and penetrating defensive lines with defence splitting passes.

### KEY COACHING POINTS:

Focus on that final pass and clinical finishing by attacking players, looking to hit corners and work goalkeepers with every opportunity.

Movement off the ball to lose defenders and create options for users
